

The International Association of Synaesthetes, Artists, and Scientists (IASAS) is pleased to announce its 2nd Synaesthesia Symposium:

Synaesthesia: Cross-sensory Aspects of Cognition across Science and Art

**October 17th – 20th
2019 Moscow, Russia**

Keynote Speaker: Dr. Richard E. Cytowic

Synaesthesia: Cross-sensory Aspects of Cognition across Science and Art is organized by the IASAS in alliance with the Moscow State University of Psychology and Education, the Tchaikovsky Moscow State Conservatory, and the Russian Synesthesia Association. The focus of the 2nd IASAS synaesthesia symposium is the presentation and discussion of contemporary scientific findings on synaesthesia as they relate to:

- *the experiences of synaesthetes
- *the creation of synaesthetic art across multiple disciplines
- *current laboratory research into synaesthesia

The IASAS is committed to including contributions from various science disciplines, and we encourage academic papers on any topic relevant to synaesthesia. Additionally, we are including first-hand accounts from synaesthetes. Please submit your abstract of 500 words or less, including full name, affiliation, and contact information, as a .pdf, .doc, or .rtf attachment to: synmoscow2019@gmail.com

Deadline for submission: March 31st, 2019

Notification of acceptance: May 1st, 2019

Organizing committee: The IASAS Board of Directors and Leadership Team
